

ACADEMIC PROGRAMMES

ACE-CEFOR offers International graduate programmes for sustainable development in the petroleum industry and is well-positioned to deliver high quality professional services to the oil and gas sector through capacitybuilding/cutting-edge research for addressing regional development challenges. The objective of the programmes is to commit intelligent and talented young men and women within the African region to solving the diverse problems in the oil and gas, and allied industries and enhancing energy efficiency.

Admission Requirements

Msc Programmes: Candidates with relevant Bachelor's degree with a minimum CGPA of 3.0 on a scale of 5 in their first degree or its equivalent degree.

PhD Programmes: M.Sc. degrees from any accredited institution with a CGPA of 4.0 and above on a scale of 5, and a minimum CGPA of 3.0 on a scale of 5 in their first degree or its equivalent degree.

Candidates must also possess the minimum entry requirements with, at least, a credit pass in Mathematics and English Language in their Ordinary Level certificates.

Duration:

Candidates are expected to graduate within a target time of thirty-six (36) calendar months for PhD programmes and twelve (12) calendar months for MSc programmes, comprising intensive modular taught courses and industry-relevant research project and seminar presentations.
